## A Sustainable Concept

**At EcoCare,** we go beyond cleaning, we embrace a holistic approach to well-being and sustainability through our exclusive products. All our products are handcrafted and thoughtfully incorporated into our services to promote a cleaner, healthier, and more balanced environment. We also offer inclusive meals, with plant-based, veggie, and IBS-friendly options, including organic eggs, chicken, turkey or seafood.

# More Than a Service, a Lifestyle

EcoCare started as a sustainable cleaning service, but our vision has always been bigger. Over time, we expanded our mission, giving rise to EcoBeauty and EcoNutri, two segments that share our commitment to sustainability and well-being.

# Natural Cosmetics and Self-Care

**ECOBEAUTY** offers plant-based, eco-friendly, and handcrafted products, promoting balance between body and nature. Beyond skincare, it provides treatments like relaxing massages and deep hair hydration for a complete self-care experience.
